

ANNOUNCEMENT: PHOTOVOLTAIC SYSTEM DONATION TO NON-PROFIT

We are currently taking applications for our Photovoltaic Donation Program!
Applications are available at our offices or ppcsolar.com

Application Deadline: AUGUST 1ST
Announcement Date: SEPTEMBER

PHOTOVOLTAIC DONATION PROGRAM

We believe in giving back to the communities that support us, which is why PPC Solar established a Photovoltaic Donation Program. Each year PPC Solar donates a 2-3 kW photovoltaic (solar electric) grid-tie system to a non-profit organization in New Mexico, chosen through an application process.

Past recipients of the program have been
Community Against Violence Thrift Store,
Habitat for Humanity (Taos Office), Not Forgotten
Outreach, Taos Land Trust, DreamTree Project,
MAS Comunidad, Taos Community Foundation
and Khalsa Family Farms.

System specifications:

- Produces approx. 3,500 kWhs of electricity yearly
- Reduces electric bills by approx. \$440/year
- Increases property value
- Eliminates 2,000+ lbs of CO2 emissions annually
- Comparable to planting approx. 1,600 trees

FACTORS CONSIDERED FOR DONATION

Donation will be based on the following factors:

- Verification of 501(c)(3) status
- Desire from applicant
- Site/building criteria
 - Applicant must own their building
- Building electrical consumption
- Feasibility determination

Preferential consideration is given to:

- Community Development
- Environment
- Youth Services
- Health & Fitness

**Schools, political organizations, lobbying groups, or individuals will not qualify*
